

Why explore Alaska and British Columbia with HX?

Our hybrid expedition ships are the most sustainable in Alaska and hold a 4.5 star rating on CruiseCritic

Expert, approachable Expedition Team with a huge breadth of scientific expertise

We visit the Alaska that others sail past, spending more time in the stunning Southeast

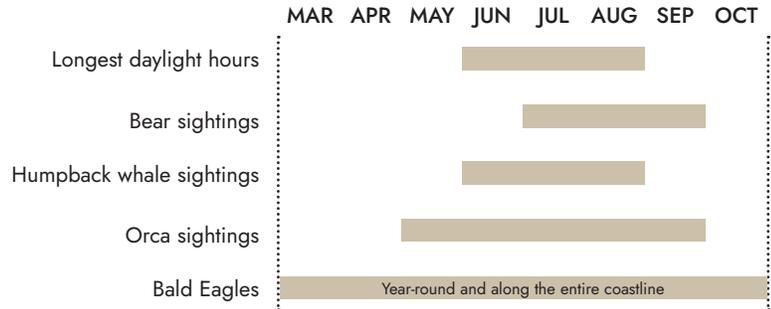

Why choose HX?

- 1 More people choose us for expeditions to the world's most remote places than anyone else.*
- 2 The largest, newest, and most hands-on science facilities, partnerships, and programs in the industry.
- 3 Modern, spacious, and stylish cabins and suites.
- 4 All-inclusive experience, including excursions.†
- 5 A more relaxed and informal atmosphere.

A day in the life

Morning

7am Wake up to the crisp Alaskan air and marvel at the vast wilderness outside.

8am After breakfast, board a small expedition boat for a Citizen Science experience to collect algae and plankton.

11am Examine the collected samples in the ship's Science Center.

Afternoon

1pm Sit back and enjoy lunch with views of snowcapped peaks in the distance.

3pm Explore glacial fjords on a small expedition boat excursion and look out for sea otters, seals, and brown bears.

Evening

6pm Enjoy a talk by one of the onboard naturalists. Learn about Alaska's wildlife, local communities, and the challenges of climate change in the region.

8pm Dinner is served. Sitting by the large windows in the onboard restaurant, you can enjoy views of the stunning coastline.

10pm Sipping on a cocktail, relax on deck under the stars and enjoy the stillness of the Arctic night.
